**SENATE BILL 35 PERMIT STREAMLINING –
 PRELIMINARY ELIGIBILITY DETERMINATION
 APPLICATION FORM**

California Senate Bill 35 (2017 Legislative session) created a streamlined and ministerial approval process for certain housing projects under Government Code §65913.4. The California Housing and Community Development Department (HCD) has prepared guidelines that further explain the requirements of Government Code §65913.4. The Guidelines are available on HCD’s website at <http://www.hcd.ca.gov/policy-research/docs/SB-35-Guidelines-final.pdf>. Invocation of SB 35 streamlining must be initiated by the project applicant, and is subject to the eligibility restrictions listed in the checklist below.

Applicants intending to invoke SB 35 streamlining and ministerial approval process must fill out this checklist completely and provide a draft site plan and supporting documentation for each question as applicable to demonstrate eligibility along with the required application fee of \$165.11¹ (Planning Review Fee). Incomplete checklists that do not include required attachments or supporting documentation will not be processed and the request will be denied.

If any of the answers to the questions below are “no,” then the project is not eligible for SB 35 review and the County’s standard development review process will apply, per applicable zoning regulations. **Signature on this form does not indicate project review has begun.**
