**Supplemental Application Form  
Variance**

---

Variations shall not be granted for uses or activities which are not otherwise expressly authorized by the Zoning regulation governing the parcel.

In order for a Variance to be granted, mandatory findings must be made. To assist in understanding why a Variance is necessary for your project, please indicate what Zoning Code Section will be deviated from and the circumstances peculiar to the subject property that necessitates the requested deviation.

A large, empty rectangular box with a thin black border, occupying the lower half of the page. It is intended for the applicant to provide details about the project, the zoning code section being deviated from, and the circumstances justifying the variance.
