COUNCIL RECOMMENDATION: NO OFFICIAL RECCOMENDATIONS **TIME: 7:12PM**

Action: County (Leanne) stated that this is an initial workshop to gather feedback from the community.

CPAC comments:

Harry Azar stated that he visited the property and it appeared that it is being used as a church at this time. Harry stated that the concrete in front of the building is cracked and needs to be replaced or shaved to allow wheelchairs usage.

Elisa Sabatini asked the County about the requirement for the permit if the church is already operating in the space. The County (Leanne) said there are no specific rules governing that.

Applicant: Project architect, Robert Hoblitt presented. No exterior improvements will be made. They feel the space use is sufficient for their purposes. No additional parking will be needed.

The congregation relocated to the area to be closer to their members who are primarily from the Carmichael and Fair Oaks area. Building was purchased in May 2017.

Services will be held 3 days a week with approximately 30- 40 members attending each service. Occasional events or small conferences will be held in the space.

Some upgrades may be undertaken in the future which would include ADA compliance.

CPAC comments:

Raymond James Irwin, Vice Chair asked about the intention for new signage to be installed. He encouraged reaching out to the neighbors.

Elisa Sabatini inquired about the parking use.

Becky Lund asked about the time of the services.

Robert Luscombe asked about the maximum number of people who can gather in the space. The project Architect Robert Hoblitt stated that the assembly space is limited by the County to 1 car/parking space for every 3 seats in the assembly space. The Assembly space will be configured to 84 individuals. Robert also asked about ADA compliance plans. The project Architect, Robert Hoblitt architect responded that no parking changes will need to be made but they do plan to install accessible parking.

Harry Azar, Chair asked the County to confirm the ration of parking spaces to assembly space. The County (Leanne)

replied that the requirement is 1 car/parking space for every 3 seats in the assembly space and on street parking is allowed and counted as part of their analysis. A thorough analysis hasn't been done yet as this is only at workshop stage.

Rebecca Friedman asked the County if the special use permit which would be required would be time limited. The County (Leanne) also stated that the special use permit would not be time limited (would not expire).

Action: County (Leanne) stated that this is a request for a 5-year time extension for a previously approved parcel map which was previously subject to legislative time extensions. A 0-5 year extension can be recommended. The County (Leanne) stated that the project is still subject to the environmental study report.

CPAC comments:

Elisa Sabatini stated that the lot size are larger than the required size for the zoning. She suggested that the county require an updated arborist report as more than 10 years have passed.

Becky Wood stated that she believes the request is different than the original request and by reducing parcel A and having a flag lot this changes the project substantially. She stated that the lot size has changed significantly.

Harry Azar indicated that the total square foot extension of 2012 sq. ft. have been made to the original property of 1960 sq. ft. Also based on investigation of trees on the property he questioned reliability on the arborist report. Harry indicated he has concerns with not being able to reanalyze the project. Harry stated he thought some changes were made to the subdivision map. Harry Azar stated that he would like a map with the structures and an updated arborist report.

The County (Leanne) stated that the in the process of review a number of County departments do comparison of maps and review the arborist report.

Raymond James Irwin asked about the intended use of the lot split. The Applicant's representative stated that she and the applicant did not have a particular intention for the property at this time. Rebecca Friedman followed up to ask if the longer time extension was preferred by the Applicant. The Applicant's representative, Logan Cardona stated that the longer time extension was preferred.

Applicant: Applicant's representative, Logan Cardona confirmed that the home on the property was remodeled and stated the lot has been moved east 5 feet. The County (Leanne) confirmed to the CPAC that it had been moved approximately 30 feet.

Public comment: A neighbor to the property, Diane, spoke about concern for the trees in the area. She also appreciates the open space over additional building.
