COUNCIL RECOMMENDATION:

TIME:

Motion by: R. Luscomb		Seconded by: E. Sabatini		
Vote	Yes - 6	No	Abstain	Absent - 1

Action:
 The Fair Oaks CPAC met last night, August 9th, and heard one item. All members were present except Rebecca Friedman, who had an Excused Absence.

PLNP2017-00195. Campoy Tentative Parcel Map Resubmission.
 About 20 neighboring property owners attended the meeting to voice their concerns regarding this project. While the project itself (a four lot map with a private drive) was not opposed, the continuing construction management issues on the project site are a major issue for the neighbors. The applicant has been undertaking site improvement work for three years, making minimal progress and a big mess. Neighbors stated that the construction site had been improperly maintained, including a lack of BMPs to protect against water runoff and siltation, fences falling down along Fair Oaks Boulevard that allow transient access to the area, open trenches, and long standing construction debris. The neighbors stated that Campoy Street has been damaged by the applicant and that the applicant has blocked the street (the only access) on a number of occasions. The neighbors requested that a strict timeline be placed on the applicant to complete the project.

The CPAC was sympathetic to the neighbors' concerns, and after some discussion settled on the following motion:
 Recommend approval contingent upon the following actions taking place prior to the project SRC hearing:

A safety inspection by County building and zoning code officers to identify unsafe areas of the site, and to ensure storm water protections are in place as required.

All fencing along Fair Oaks is repaired and replaced, and temporary construction fencing placed along Campoy

Should the above not take place in the time specified, the CPAC recommendation defaults to denial, with a pre-appeal to the Planning Commission, should the map be approved by the SRC.

Vote was 6-0-1 (absent).

Note: This CPAC has the right to file an appeal with the County of Sacramento when the committee, commission or official takes an action or determination that conflicts with community-wide policies as understood by the respective CPAC and its constituency. During the Appeal hearing, the applicant or appointed representative must be present.
