

COSUMNES CPAC MINUTES FOR 06/26/2013

The topic of the meeting – the Wilton Family Market. We had about 50 people in attendance and to a person they all opposed the market. About 20 individuals spoke. They all very clearly articulated why there was no need for the market: already one across the street, noise, traffic, lighting, private road issues, keep Wilton rural, plenty of vacancies at Jeff Brian Lane. What was really nice to hear was at least 3 people commented on how bad they felt that Elk Grove messed up after incorporation. They didn't want to see that kind of prescient in Wilton and actually indirectly complimented the County for keeping Wilton rural.

Workshop – Dean Blank presentation on May bike month. This was informative only so no action was taken.
