COUNCIL RECOMMENDATION: APPROVE

TIME: 7:40 PM

Motion by: John		Seconded by: Virginia		
Vote	Yes 5	No 0	Abstain 0	Absent 0

Action:

Comments:

Engineer presented and responded to questions:

- One house already built on northern most proposed lot
- Sidewalk and gutter completely in along the Citrus Avenue
- All utilities (dry and wet) are already in and stemmed out behind sidewalk including one hydrant
- Put in 1200' of sewer line already as part of this project
- Very little grading left to do
- RD-5 is common zoning around project
- Single family homes, 3-4 bedrooms, similar in size to surrounding neighborhood is planned for the new five lots

Council comments and concerns:

- Why wasn't this project allowed to apply for an extension like so many other projects that were dormant for years?
- Are the three vacant lots to the west of this project land locked or will they have access to Citrus or Pomegranate in order to be developed?
- Neighbors were vocal regarding the County's poor management of the sewer lines in this neighborhood.

Neighborhood comments:

- Two neighbors (representing two properties) were at the meeting.
- Both spoke in favor of this project, but had big concerns why this part of the County has had poor service compared to other neighborhoods. From sewer lines, to sidewalks, stop signs and speed bumps.

- Both neighbors are really concerned with how the County has poorly managed the installation of sewer lines in this area. Records have not been kept of what was installed decades ago even though neighbors installed the lines and have been billed for services all this time.
- They also tried to tie into Mr. Ly's sewer line work to minimize future hook-up cost and roadway work, but because of poor management weren't allowed.
- Apparently earlier constructed man holes were placed too low that required additional construction cost to Mr. Ly's project.

2. Entitlement(s): UPZ, DRS

 2. A Design Review to conform to Countywide Design Guidelines.

- Three lanes for car stacking

- Capacity is about 100 cars per hour and a good day is about 400-500 cars
- Boundary line adjustment required on southern edge of project

Council comments and concerns:

- Any signage planned?
- Applicant replied with probably a future request and to be located on near corner of property at entrance off Fernridge Road.
- Easy access from Gerber Road at signalized intersection with Fernridge Road.
- No one knows what is planned for vacant land adjacent to the east and south.
- Like the landscape plan that when mature will provide separation of the operation from Gerber Road and

Neighborhood comments:

- One neighbor (representing one property) was at the meeting.
- Spoke in favor of the project. Happy that it is not another fast food establishment. Concerned with lighting and noise. Spoke of noise in early morning from garbage truck servicing Taco Bell and car lights from drive thru.
