CHAPTER 7: DEFINITIONS AND ACRONYMS

This Section clarifies interpretation of common wording and language issues that may occur in this Code.

7.1. WORD USAGE AND CONSTRUCTION OF LANGUAGE

7.1.1. Meanings and Intent

All terms, phrases, and expressions in this Code shall be construed according to the general purpose and intent set out in Section 1.3., Purpose of this Code, and the additional specific purpose statements contained throughout this Code.

7.1.2. Headings, Illustrations, and Text

In case of any difference of meaning or implication between the text of this Code and any heading, drawing, table, figure, commentary block or illustration, the text shall control.

7.1.3. Lists and Examples

Unless otherwise specifically indicated, lists of items or examples that use terms such as “including” and “such as,” or similar language, are intended to provide examples, not to be exhaustive lists of all possibilities.

7.1.4. Computation of Time

References to days are calendar days unless otherwise stated. The time in which an act is to be done shall be computed by excluding the first day and including the last day. If the last day is a Saturday, Sunday or holiday observed by the County, that day shall be excluded.

7.1.5. Reference

Whenever reference is made to any portion of this Code, the reference applies to this Code as adopted and any amendments or additions hereafter made.

7.1.6. References to Other Regulations, Publications, and Documents

Whenever reference is made to a resolution, ordinance, statute, regulation, or document, such reference shall be construed as a reference to the most recent edition of such regulation (as amended), resolution, ordinance, statute, regulation, or document, unless otherwise specifically stated.

7.1.7. Technical and Nontechnical Terms

Words and phrases shall be construed according to the common and approved usage of the language, but technical words and phrases that may have acquired a peculiar and appropriate meaning in law shall be construed and understood according to such meaning.
7.1.8. **Public Officials and Agencies**

All public officials, bodies, and agencies to which references are made are those of Sacramento County, unless otherwise indicated.

7.1.9. **Mandatory and Discretionary Terms**

The words “shall,” “will,” and “must” are always mandatory. The words “may” and “should” are advisory and discretionary terms.

7.1.10. **Conjunctions**

Unless the context clearly suggests the contrary, conjunctions shall be interpreted as follows:

7.1.10.A. “And” indicates that all connected items, conditions, provisions or events apply.

7.1.10.B. “Or” indicates that one or more of the connected items, conditions, provisions, or events applies.

7.1.11. **Tenses and Plurals**

Words used in one tense (past, present or future) include all other tenses, unless the context clearly indicates the contrary. The singular includes the plural, and the plural includes the singular.

7.1.12. **Calculations and Rounding [ADDED 07-16-2020]**

Where any provision of this code requires calculation to determine applicable requirements, any fractional/decimal results of the calculation shall be rounded to the nearest whole number, (0.5 or more shall be rounded up and less than 0.5 shall be rounded down). This rule does not apply to density calculations for residential projects (see Section 7.1.13).

7.1.13. **Number of Residential Units [ADDED 07-16-2020]**

The number of residential units shall not exceed the maximum allowable density per acre for the zone district within which the project is located. Therefore, any fractional dwelling count shall be rounded down to the nearest whole number to ensure compliance with maximum density, except as follows:

1. For projects eligible for a State density bonus pursuant to Government Code Section 65915 or any successor statute, or County Code Sections 6.5.4 (Density Bonus for Affordable Housing) or 6.5.5 (Housing Incentive Program), any fractional number of permitted bonus density units shall be rounded up to the next whole number.

2. For land division projects resulting in four or fewer residential lots the maximum allowable density per acre for the zone district shall not apply, so long as all of the resulting lots meet the minimum lot area, width, and frontage requirements for the zone district. A Special Development Permit to deviate from these standards does not constitute compliance with this provision.
7.2. INTERPRETATIONS

The Planning Commission has the authority to determine the interpretation or usage of terms used in this Code, according to the provisions of Section 6.5.3, Interpretations.
7.3.  CODE TERMS AND USE DEFINITIONS

This Section defines the terms used in this Code and the uses contained in Chapter 3, Use Regulations.

**Farm**
A place where agricultural production is the primary use.

**Farm Stay**
A working farm on which bedrooms are made available for rent in a farm house or in a detached structure, and where lodging and overnight sleeping accommodations are provided for a stay of no more than 14 days, either with or without meals.

**Farm Worker Dwelling Unit**
Structures used or occupied by up to six agricultural (farm) employees or one agricultural (farm) employee and the worker's household. The accommodations may consist of any living quarters, dwelling, boarding house, mobilehome or manufactured home for long-term occupancy, or a mobile home for temporary occupancy (per use standards for mobile homes in Section 3.10).

**Farm Worker Housing**
Living quarters for agricultural (farm) employees and their families consisting of up to 45 beds in group quarter or up to 16 farmworker dwelling units or spaces designed for a single-family or household. The units may of an alternative housing type that meets state and federal standards for livability and durability, including manufactured housing, factory-built housing, other forms of prefabricated housing, and dormitory- and barracks-style housing is which residents share common cooking and bathroom facilities. Farm worker housing does not include a hotel, motel, bed and breakfast lodging, or recreational vehicle park.

**Farmer's Market, Certified**
A public marketplace for fruits, vegetables, and other products (primarily agricultural-related products), either indoors of out-of-doors that has been issued a direct marketing certificate by the County Agricultural Commissioner indicating that the marketplace is a certified farmers' market.

**Feedlot**
"Feedlot" shall mean any premises used principally for the raising or keeping of animals in a confined feeding area. "Feedlot" is not intended to otherwise preclude the raising of animals as part of a general farming or livestock operation or as an FFA, 4-H, or other student project in an agricultural zoning district.

- **Confined Feeding Area**
  "Confined feeding area" shall mean any livestock feeding, handling, or holding operation or feed yard where animals are concentrated in an area that is not normally used for pasture or for growing crops and in which animal wastes may accumulate and where the area per animal unit is less than 600 square feet.

- **General Farming or Livestock Operation**
  "General farming or livestock operation" shall mean one in which the confined feeding of animals is an incidental part of the total livestock operation.
Fence [AMENDED 06-07-2018]
As used by this Code, a fence is a uniform barrier made of cohesive, durable material to establish a boundary, as a means of protection or to provide confinement. A fence is considered to be from 18 inches high to seven (7) feet high, as measured vertically from the established lot grade. For purposes of definition, fences over seven (7) feet in height are considered structures.

Fence, Open [ADDED 06-07-2018][AMENDED 01-12-2019]
An open fence shall mean a barrier which permits direct vision through at least 75 percent of any one square foot segment of fence surface when viewed perpendicular to the fence length. Open fencing includes wrought iron, chain link, tubular steel, aluminum, expanded metal or other similar type of material approved by the Planning Director.

Fence, Screen [ADDED 06-07-2018]
When solid screen fencing is required, screen fencing shall mean a barrier made of durable material and shall be either solid decorative masonry, solid wood, or chain link fencing with opaque vinyl slats.

Fence, Semi Open [ADDED 01-12-2019]
A semi-open fence shall mean a barrier made of durable material which permits direct vision through 50 to 75 percent of any one square foot segment of fence surface when viewed perpendicular to the fence length.

Fence, Solid [AMENDED 04-07-2016][AMENDED 06-07-2018][AMENDED 01-12-2019]
A solid fence shall mean a barrier made of durable material such as wood or masonry which is designed to obstruct visibility through at least 50 percent of any one square foot segment of fence surface when viewed perpendicular to the fence length.

Solar facilities that produce energy for off-site use. There are two levels of commercial solar facilities:

  • **Commercial I**  
    Photovoltaic technologies (solar panels) or solar thermal technologies producing energy for off-site use, covering 10 acres or less.

  • **Commercial II**  
    Photovoltaic technologies (solar panels) or solar thermal technologies producing energy for off-site use, covering more than 10 acres.

**Solar Facilities, Grid-Intertied**  
Solar energy systems that connect to the electric company’s power distribution grid.

**Solar Hot Water Systems**  
Solar energy systems that circulate fluids heated by solar energy, typically for use in domestic hot water systems, swimming pool/hot tubs, space heating or a combination of these uses.

**Solar Thermal Technology Facilities**  
Solar thermal facilities generate electricity by concentrating solar energy to heat a fluid that produces steam to power a generator.

**Sole or Dual Owner Massage Establishment [ADDED 07-08-2016]**  
A massage business where one or two persons owns 100 percent of the business, and a maximum of two persons provide massage services for compensation for that business, and has no other employees or independent contractors.

**Solid Waste Facilities**  
A facility that is a solid waste transfer or processing station, a disposal facility or other waste conversion facility, and also includes any solid waste operation that may be carried out pursuant to an enforcement agency notification, including a construction debris chip and grind facility that does not involve greenwaste.

**Source Separated**  
Materials including commingled recyclables that have been separate or kept separate from the solid waste stream, at the point of generation, for the purpose of additional sorting or processing those materials for recycling or reuse in order to return them to the economic mainstream in the form of raw material for new, reused, or reconstituted products which meet the quality standards necessary to be used in the marketplace.

**Special Flood Hazard Area (SFHA) [ADDED 01-12-2017]**  
An area shown on the FEMA Flood Insurance Study and the FIRM as Zone A, AO, A1-30, AE, A99, AH or AR. These zones are lands covered by the floodwaters of the base flood (100-year) where the National Flood Insurance Program’s floodplain management regulations apply.

**Specific Plan**  
A detailed policy plan that identifies allowable land uses and infrastructure needs for a specific geographic area. Zoning, subdivision, and public works decisions must be in compliance with specific
CHAPTER 7: Definitions AND ACRONYMS

Section 7.3. Code Terms and use Definitions

Stable, Commercial or Public
A building, structure, or parcel occupied or used for the keeping, training, or pasturing of six or more horses not belonging to the owner, or where six or more horses are kept for hire or sale or kept as a business with the intention of gain or profit; or a riding stable or academy.

Stadium
A structure that is open or enclosed and used for games, concerts, and major events and is partly or completely surrounded by tiers of seats for spectators.

Stock Cooperative
A stock cooperative is a corporation owned by residents through shares, the corporation in turn owns the housing complex. The shareholder-owners have the right to exclusive long-term leases on specific individual units of the complex, instead of direct ownership of the units. The common property adjacent to the units is also owned by the corporation, with the shareholder-owners enjoying the right to use the area.

Storage, Mini
A building or group of buildings consisting of individual, small, self-contained units that are leased or owned for the storage of business and household goods or contractor supplies.

Storage, Towed or Damaged Vehicles [AMENDED 06-22-2017]
An area providing storage of towed or damaged vehicles and boats.
Story
Story is that portion of a building included between the upper surface of any floor and the upper surface of the floor next above. Also, the topmost story shall be that portion of a building included between the upper surface of the topmost floor and the ceiling, or roof, above, except where the distance between floor and ceiling, or roof, is less than five (5) feet, in which case the area shall not constitute a story. Building setbacks shall be measured from that portion which constitutes the "story" as shown in the Story Measurement diagram.

Street
A public thoroughfare including public roads or highways 30 feet or more in width, which affords a principal means of access to abutting property.
Street Frontage, Public
The portion of a lot or parcel frontage on a public street other than a freeway or expressway, affording the principal means of access.

Street, Private
A street owned and maintained by the abutting property owners, or by an association of property owners, excluding off-street parking areas, driveways, and driveways to off-street parking areas.

Street, Public
A street or road shall not be a public street until and unless the said street or road shall have been accepted into a street or road system maintained by a city, county, or the State. Streets and roads in public parks, public airports, public schools and similar public grounds shall not be construed to be public streets for the purposes of this Code.

Structure
Anything constructed or erected which requires location on the ground or attached to something having location on the ground, but not including fences or walls used as fences that are seven (7) feet or less in height.

Structure, Accessory [AMENDED 05-11-2018]
A structure that is accessory to a permitted primary residential use and is developed in a manner that does not allow for sleeping (i.e., non-habitable) or include independent living facilities. Examples include detached garages, workshops, sheds, gazebos, and pool houses. Does not include Accessory Dwelling Units or Incidental Agricultural Accessory Structures.

Structure, General Agricultural [ADDED 07-16-2020]
A structure designed, constructed, and used to house farm implements, livestock, or agricultural produce or products grown or raised on the premises. Controlled atmosphere and cold storage warehouses are not agricultural buildings.

Structure, Incidental Agricultural Accessory [ADDED 05-11-2018]
A structure that supports agricultural activity or animal husbandry conducted on a hobby-type basis for personal use or consumption, or for urban agricultural purposes and further provided that such activity is not a primary use of the premises. Incidental Agricultural Accessory Structures are limited to private stables and corrals, barns used primarily for agricultural purposes, and chicken coops.

Structure, Nonconforming
A structure which was never lawful or was lawful when erected, but which does not conform to currently established zoning district regulations.

Subdivision
The division, by any subdivider, of any unit or units of improved or unimproved land, or any portion thereof, shown on the latest equalized county assessment roll as a unit or as contiguous units, for the purpose of sale, lease or financing, whether immediate or future except for leases of agricultural land for agricultural purposes. Property shall be considered as contiguous units, even if it is separated by roads, streets, utility easement or railroad rights-of-way. "Subdivision" includes a condominium project, as defined in Section 1350 of the Civil Code, a community apartment project, as defined in Section 11004 of the Business and Professions Code, or the conversion of five or more existing dwelling units to a stock cooperative, as defined in Section 11003.2 of the Business and Professions Code. Any conveyance of land to a governmental agency, public entity, public utility, or subsidiary of a public utility for conveyance to such public utility for rights-of-way, shall not be
CHAPTER 7: Definitions AND ACRONYMS

considered a division of land for purposes of computing the number of parcels.

Subdivision Map Act
The Subdivision Map Act of the State of California and all amendments or additions thereto (Government Code, Title 7, Division 2 Subdivisions, commencing with Section 66410).

Subdivision Review Committee
The Sacramento County Subdivision Review Committee appointed pursuant to the provisions of the Subdivision Ordinance (Title 22, Land Development of the Sacramento County Code).

Surface Mining Operations
All, or any part of, the process involved in the mining of minerals on mined lands by removing overburden and mining directly from the mineral deposits, open-pit mining of minerals naturally exposed, mining by the auger method, dredging and quarrying, borrow pitting, streambed skimming, segregation and stockpiling of mined materials and recovery of the same or surface work incident to an underground mine. Surface mining operations shall include, but are not limited to in-place distillation, retorting or leaching, the production and disposal of mining waste, prospecting and exploratory activities, borrow pitting, streambed skimming, and segregation and stockpiling of mined materials and recovery of same.

Sustainability
The U.S. Environmental Protection Agency (EPA) describes sustainability as: “A simple principle that everything we need for our survival and well-being depends, either directly or indirectly, on our natural environment”. Sustainability creates and maintains the conditions under which humans and nature can exist in productive harmony, that permit fulfilling the social, economic and other requirements of present and future generations. Sustainability is important to making sure that we have and will continue to have, the water, materials, and resources to protect human health and our environment. Use of smart growth strategies creates sustainable communities.

Swale
A low-lying depression that collects water and has an indistinct drainage course.

Tattoo Shop
A place of business whose principal activity is placing designs, letters, figures, symbols or other marks upon or under the skin of any person, using ink or other substances that result in the permanent coloration of skin by means of the use of needles or other instrument designed to contact or puncture the skin.

Temporary Concession [AMENDED 06-22-2017]
Any individual retail sales operation or distribution activity from a location not involving a permanent building for the purpose of housing or conducting sales, distributions or transactions, to make goods or services available to the general public using a temporary table, stand, cart, or similar equipment; but not including a mobile vending vehicle licensed and operated pursuant to the provisions of the Sacramento County Code. The sale of food for on-site consumption is prohibited.

Threshold of Significance
An identifiable quantitative, qualitative or performance level of a particular environmental effect.

Thrift Store
Thrift store means a retail establishment selling donated secondhand goods, either donated to the organization or obtained in bulk from an organization collecting donations, and does not include
an antique or consignment store that sells secondhand items either on behalf of the original owner, who receives a percentage of the selling price, or that have been purchased elsewhere.

**Tool Repair, Sharpening, and Reconditioning**
A place of business providing repair or maintenance services for tools including, but not limited to: appliances; electronic equipment; televisions, radios, and shoe repair. This use does not include the maintenance and repair of vehicles.

**Transient Use or Transient Occupancy**
Occupancy of a lodging facility or residence by any person other than the primary owner by concession, permit, right of access, license, gift or other agreement for a period of thirty (30) consecutive calendar days or less, counting portions of calendar days as full days.

**Transit-Oriented Development (TOD)**
A mixed-use community within an average one-quarter (¼) mile walking distance of a transit stop and commercial core area. The design, configuration, and mix of uses within the TOD emphasize a pedestrian-oriented environment and reinforce the use of public transportation. A TOD’s mix of residential, retail, office, open space, and public uses are all located within comfortable walking distance, and it is convenient for residents and employees to travel by transit, bicycle or foot, as well as by car.

**Truck, Freight, or Draying Terminal**
A building or area in which freight brought by air, rail, or truck is assembled or stored for routing or refreshment; and in which semitrailers used for the business, including tractor/trailer units and other trucks, are parked or stored.

**Truck and Large Vehicle Lease, Rent, Repair, Sales, Storage or Service [AMENDED 07-16-2020]**
A commercial establishment primarily engaged in the lease, rent, repair, sales, storage, or service of vehicles with a manufacturer’s gross vehicle rating of 10,000 pounds or more.

**Urban Level of Flood Protection (ULOP) [ADDED 02-2017]**
The level of flood protection that is necessary for new development to withstand a 200-year event in accordance with Urban Level of Flood Protection criteria developed by the State of California Department of Water Resources. The ULOP is required for a development project and/or new construction located within “applicability area” as shown in Appendix D of the Floodplain Management Ordinance: “ULOP Applicability in Unincorporated Areas of Sacramento County”, indicating locations where all the following criteria apply:

1. The project is in a Flood Hazard zone.
2. The project site is in an urban area with 10,000 or more residents, or is in an urbanizing area in which 10,000 or more residents are anticipated within 10 years; and
3. The project site is in a watershed with a contributing area greater than 10 square miles; and
4. The project site has potential flood depths greater than 3’ in the 200-year flood.
Urban Agricultural Stand [ADDED 02-24-2017]
A retail stand accessory to a private, market or community garden that sells fresh vegetables, fruits, nuts, and other agricultural crops, eggs, honey and products produced on site when processed and sold consistent with a cottage food permit and any other applicable permits and/or requirements.

Urban Policy Area
Defines the area expected to receive urban levels of public infrastructure and services within the 20-year planning period.

Urban Services Boundary
The ultimate growth boundary of the urban area in unincorporated areas of the County. The boundary is based upon natural and environmental constraints and the purpose is to control urban growth while protecting the County’s natural resources.

Use
The purpose for which land or a building is arranged, designed, or intended, or for which either land or a building is or may be occupied or maintained.

Used for
The phrase "used for" includes "arranged for", "designed for", "intended for", "maintained for" or "occupied for".

Use, Nonconforming
A use which was never lawful or was lawful when established but which does not conform to currently established zoning district regulations.

Vacation Rentals
[DELETED 06-20-2019]

Vanpool
A group of between seven and 15 persons travelling together in a van or similar motor vehicle.

Variance
A grant of relief from the requirements, or a relaxation of the strict application, of the terms of this Code that permits construction in a manner that would otherwise be prohibited by this Code, as granted pursuant to Section 6.5.1.

Vehicle Auction
The sale of new or used vehicles offered to bidders by an auctioneer for money or other consideration. A vehicle is defined as any self-propelled or towable (trailer) unit designed primarily for transportation of persons or goods on land, water, or air.

Vehicle Storage
Service establishments in the business of storing cars, buses, and other motor vehicles for clients. The definition includes sites where vehicles are stored for rental or leasing. The definition does not include wrecking yards or farm equipment storage.
Veterinarian, Animal Hospital
Establishments where small animals receive medical and surgical treatment.

Warehousing
A business engaged primarily in storage, wholesale, and distribution of manufactured products, supplies, and equipment.

Water Supply, Public
A water supply provided by a local agency, publicly owned corporation, or approved utility company.

Water Surface Elevation
The elevation in feet above mean sea level of the surface of a body of water or watercourse.

Watershed
A region or area bounded peripherally by a water parting and draining ultimately to a particular watercourse or body of water.

Wholesale Store
An outlet for the sale of commodities and goods for further resale, not including large retail establishments. In some cases, incidental retail sales may be permitted.

Wildlife Preserve
Wildlife preserves are those areas designated by a public agency and owned by a private or public entity for the purposes of protecting, maintaining, and studying important vegetative, water, fish and wildlife resources.

Williamson Act Contracts
Voluntary contracts between landowners and a city or county in which they agree to retain their lands in agriculture for a minimum of 10 years, renewable up to an additional 10 years. In return for entering into this contract, the landowners receive property tax relief on the lands under contract.

Wind Turbine Facilities
Wind turbine facilities convert wind energy to electricity, and include two types:

- **Small Wind Turbines**
  Wind turbines rated 20KW or less, and designed to produce no more than what is necessary to meet on-site energy demand.

- **Large Wind Turbines**
  Wind turbines not classified as small wind turbines.

Winery
A bonded winery facility consisting of the building or buildings used to convert fruit juices into wine, and to age, bottle, store, distribute, and sell. A winery shall include any or all of the following activities and facilities; crushing, fermenting, bottling, blending, bulk and bottle storage, aging, shipping, receiving, tasting room, laboratory equipment, maintenance facilities, conference room space, sales and administrative offices. A bonded winery is entitled to all privileges afforded to ABC Type 02 winegrowers unless specifically restricted by this ordinance.
• **Winery Tours**
  Guided tours conducted by representatives of a winery to members of the public.

• **Large Winery**
  A winery with more than 15,000 cases annual production

• **Small Winery**
  A winery with up to 15,000 cases annual production, and a maximum size tasting room facility of 1,500 square feet.

• **Tasting Room**
  A room where the general public can sample wine and where wine and grape products produced on site are for sale. A tasting room may not be used as an office or for wine production.

**Wireless Communication Facility [ADDED 12-20-2019]**
Means a commercial facility that transmits and/or receives electromagnetic or radio frequency waves, including, but not limited to towers, façade- mounted antennas, roof-top mounted towers, distributed antenna systems, support or accessory structures and related equipment. Amateur radio operators are not included in this definition. Includes related equipment, which is all equipment ancillary to the transmission and reception of a wireless telecommunications facility. Such equipment may include, but is not limited to, cable, conduit and connectors, electrical meters, and enclosed electrical equipment.

**Wireless Communications Facility – Eligible Facilities Request [ADDED 12-20-2019]**
A modification that falls within the guidelines of 47 C.F.R. Subsection 1.6100(b), and as modified from time to time. Current guidelines are as follows:

• Any request for modification of an existing tower or base station that does not substantially change the physical dimensions of such tower or base station, involving:
  o Collocation of new transmission equipment;
  o Removal of transmission equipment; or
  o Replacement of transmission equipment.

• Substantial change. A modification substantially changes the physical dimensions of an eligible support structure if it meets any of the following criteria:
  o For towers other than towers in the public rights-of-way, it increases the height of the tower by more than 10% or by the height of one additional antenna array with separation from the nearest existing antenna not to exceed twenty feet, whichever is greater; for other eligible support structures, it increases the height of the structure by more than 10% or more than ten feet, whichever is greater;
    ▪ Changes in height should be measured from the original support structure in cases where deployments are or will be separated horizontally, such as on buildings’ rooftops; in other circumstances, changes in height should be measured from the dimensions of the tower or base station, inclusive of originally approved appurtenances and any modifications that were approved prior to the passage of the Spectrum Act.
  o For towers other than towers in the public rights-of-way, it involves adding an appurtenance to the body of the tower that would protrude from the edge of the tower more than twenty feet, or more than the width of the tower structure at the level of the appurtenance, whichever is greater; for other eligible support structures, it involves adding an appurtenance to the body of the structure that would protrude...

Section 7.3. Code Terms and use Definitions

Wireless Communication Facility – Small Cell [ADDED 12-20-2019]

WCFs mounted on structures 50 feet or less in height or on structures no more than 10 percent taller than adjacent structures with an antenna array of no more than three cubic feet and total wireless equipment no more than 28 cubic feet. Structures in this case shall mean light and utility poles, either within or outside the PROW.

Yard

An open space other than a court, on a lot, unoccupied and unobstructed from the ground upward, except as otherwise provided in this Code.

Yard, Front

A yard extending from the full width of the lot between the front of the main building and the front lot line. The depth of the required front yard shall be measured horizontally between the nearest part of the closest building and the nearest point of the front lot line.

Yard, Rear

A yard extended across the full width of the lot between the most rear main building and the rear lot line. The depth of the required rear yard shall be measured horizontally between the nearest part of a main building toward the nearest point of the rear lot line.

Yard, Side

A yard, between a building and the side lot line, extending from the front yard to the rear yard. The width of the required side yard shall be measured horizontally from the nearest point of the side lot line toward the nearest part of the closest building.

Yard, Side Street

A yard, between a building and the side lot line adjacent to the street right-of-way, extending from the front yard to the rear yard. The depth of the required side street yard shall be measured horizontally between the nearest part of the closest building and the nearest point of the side lot line adjacent to the street.
Zero Lot Line
A design which allows a residential structure to be constructed up to one of the interior side property lines of a parcel.

Zoning
Specific immediate use for land, which is adopted by ordinance and carries the weight as local law. It is the primary instrument for general plan implementation.

Zoning District
Any of the land use zoning districts specified in Chapter 3 of this Code.

Zoning Verification Letter [ADDED 03-27-2019]
Document issued by the Planning Director or Designee, that provides information on zoning laws related to a particular property, based on the Sacramento County Zoning Code. A Zoning Verification Letter may provide any or all of the following: a general description of the zoning district, references to any applicable zoning and development standards, legal land uses, zoning history of the property, current entitlements.
