

## CHAPTER 3: HOUSING ACTION PLAN

California Government Code Section 65583 requires that the Housing Element contain a “statement of the community’s goals, quantified objectives, and policies relative to the maintenance, improvement, and development of housing.” This chapter contains Sacramento County’s Action Plan, which consists of a broad range of goals, objectives, policies, and programs that address the development of sufficient housing to accommodate population growth, and to encourage the production of units in a range of prices affordable to all income groups. Goals and objectives were developed in direct response to the observed needs for the Sacramento area based on extensive community input and housing need assessments conducted during the preparation of this Housing Element. The terms used in this chapter are:

- **Goal:** General statement of purpose to indicate direction the County will take to address identified housing problems and needs.
- **Policy:** A general statement of a proposed action to guide decision-making and provide a framework for the operation of housing implementation programs.
- **Implementation Program:** A detailed statement of the specific action that will be taken to implement a policy.
- **Objective:** A general or qualitative statement of the desired outcome from implementation of a strategy or sub-strategy.
- **Quantitative Objective:** A statement of measurable outcome, defined numerically whenever possible.

### HOUSING GOALS, POLICIES, AND PROGRAMS

Sacramento County’s Housing Action Plan emphasizes seven goals that, collectively, address the availability of, affordability of, condition of, and access to housing by its general population as well as special needs groups. Each goal has its own set of policies and programs. The seven goals are:

- 1) Providing an adequate supply of land for housing;
- 2) Reducing constraints to housing production;
- 3) Preserving existing housing and neighborhoods;
- 4) Improving housing opportunities and conditions for special needs groups;
- 5) Providing and maintaining housing affordability;
- 6) Promoting the efficient use of energy in residences through alternative and innovative conservation measures, and;
- 7) Promoting and affirmatively furthering fair housing opportunities for Sacramento County residents.

### GOAL HE 1: ADEQUATE SUPPLY OF LAND FOR HOUSING

*Provide an adequate supply of suitable sites for the development of a range of housing that varies sufficiently in terms of cost, design, size, location, and tenure to meet the housing needs of all segments of the County’s population.*

#### Introduction

The Sacramento Area Council of Government adopted the Regional Housing Needs Plan (RHNP) on March 19, 2020. Pursuant to the Plan, Sacramento County must have appropriate zoning in place to accommodate 21,272 new units. Of these new units, 4,466 should be affordable to very low-income households, 2,692 should be affordable to low-income households, 4,186 should be affordable to moderate-income

households, and 9,928 should be affordable to above moderate-income households. Per the Land Inventory Chapter, the County has a deficit of 146 acres or 2,920 units for lower-income households. In order to ensure that the County has enough appropriately zoned land to accommodate the number of lower-income units anticipated in the Plan, the County must rezone 168 acres (146 acres and a 15 percent buffer) of land to allow multifamily residential uses by-right, at a minimum density of 20 units per acre and a maximum density that allows at least 30 units per acre.

In addition to ensuring a sufficient supply of zoned residential land, this goal seeks to encourage residential infill development and to ensure that master plan communities provide a variety of residential densities, including RD-30.

The objectives for Goal HE-1 are as follows:

- To ensure there is sufficient land to allow for the development of adequate new housing and to ensure the availability of housing for all households in Sacramento County.
- Actively promote and facilitate the use/reuse of vacant and underutilized infill sites.

**Policies**

**HE 1.1.1** The County will provide an adequate supply of land for housing affordable to all income groups with public services and facilities needed to facilitate the development of housing to accommodate projected housing needs based on the SACOG Regional Housing Needs Plan. The Plan requires that the County accommodate 4,466 very low-income units, 2,692 low-income units, 4,186 moderate-income units, and 9,928 above moderate-income units.

**HE 1.1.2** The County will preserve the supply of sites zoned for multifamily housing.

**HE 1.2.1** The County will promote and facilitate the build-out of vacant and underutilized urban land through infill and reuse activities, as appropriate, for housing.

**HE 1.2.2** The County will ensure that infill projects are integrated into the surrounding neighborhoods and communities to the greatest extent feasible.

**HE 1.2.3** When feasible, the County will integrate housing with compatible non-residential uses in an effort to locate affordable housing near employment opportunities and take maximum advantage of infill development opportunities.

**HE 1.2.4** The County will encourage locating multiple-family projects near public transportation, shopping, recreation and other amenities.

GOAL HE 1: IMPLEMENTATION PROGRAMS
<b>Adequate Land for Housing</b>
<p><b>A1. Countywide Rezone Program:</b> To accommodate the remaining lower-income RHNA of 2,920 units, the County will:</p> <ul style="list-style-type: none"> <li>• Identify and rezone at least 168 acres of land to allow multifamily residential uses by-right, at a minimum density of 20 units per acre and a maximum density that allows at least 30 units per acre. In accordance with Government Code Section 65583.2(h), at least 50 percent of the County's remaining lower income RHNA need will be accommodated on parcels designated exclusively for residential uses. Identified sites will also be large enough to accommodate at least 16 units.</li> <li>• Identify and rezone sites to allow multifamily uses by-right in high and moderate resource areas.</li> </ul> <p><b>Implements Which Policy(ies):</b> HE 1.1.1 and HE 1.1.2</p> <p><b>Responsible Department:</b> Office of Planning and Environmental Review</p> <p><b>Funding:</b> Senate Bill 2 (SB-2) Planning Grant</p>

**GOAL HE 2: REDUCTION OF CONSTRAINTS TO HOUSING PRODUCTION**

*Removal or reduction of governmental and non-governmental constraints to facilitate the provision of housing for households of all income levels.*

**Introduction**

The Housing Constraints Analysis Chapter identifies several factors that may serve as barriers to housing development such as the Neighborhood Preservation Areas and Special Planning Areas, public concerns or “NIMBYism”, and permit and development impact fees. This goal also seeks to reduce these barriers by reducing permit processing times, increasing “by right” housing opportunities, and reducing fees and providing incentives. The objectives of Goal HE-2 are as follows:

- To streamline the governmental review process to assist in the reduction of processing times associated with housing production.
- To ensure that development standards continue to represent the best means to achieve land use policy objectives while reducing the cost of producing housing.

#### Introduction

The County of Sacramento provides housing conservation and rehabilitation assistance through a variety of programs. SHRA receives funding from state, local, and federal sources to facilitate both minor and major rehabilitation. Code enforcement activities can conserve the quality of residential neighborhoods by enforcing existing regulations pertaining to abandoned vehicles, outdoor storage of junk and rubbish and substandard or illegal buildings. Neighborhood quality can be improved significantly in older neighborhoods through improvements in public infrastructure such as water, sewer, curbs, gutter, sidewalks, landscaping,

and lighting. The County has committed to prioritizing infrastructure improvements in Environmental Justice Communities through the adoption of the Environmental Justice Element.

The objectives of Goal HE 3 are as follows:

- Ensure the preservation and upgrading of rental and owner-occupied-housing units in need of rehabilitation and improvement.
- Provide for conservation and rehabilitation activities through zoning and code enforcement programs. Support mechanisms to prevent the loss of housing.
- Improve public facilities with priority for the revitalization of Environmental Justice Communities. Focus local/private sector investment into areas where there is a need for neighborhood revitalization.

**GOAL HE 4: IMPROVEMENT OF HOUSING OPPORTUNITIES FOR SPECIAL NEEDS GROUPS**

*Ensure the availability of adequate housing opportunities throughout the unincorporated area of Sacramento County for people with special needs, including: seniors, large households, female-headed households, people with disabilities, farm workers, and people experiencing homelessness.*

**Introduction**

This section of the Action Plan establishes objectives, policies and programs for the provision of housing to meet the needs of persons with disabilities, seniors, farm workers, people experiencing homelessness, female-headed households, and large families. Programs included in this strategy are designed to assist individuals and households with special needs, although the emphasis will be placed on programs for lower income households.

Policies HE 4.3.1 through 4.3.6 were developed based on the six key solution areas identified by the County Homeless Plan, which was adopted on December 12, 2018. The County Homeless Plan will continue to be the main strategy document to make homelessness rare, brief and non-recurring. Several programs below will support the County Homeless Plan efforts by requiring the County to update the Plan regularly, to develop metrics to measure its effectiveness, and to report regularly using those metrics.

The objective for Goal HE 4 is to provide housing choices appropriate for “special needs” populations, including persons with disabilities, seniors, farm workers, people experiencing homelessness, female-headed households, and large families.

**Policies**

**HE 4.1.1** The County will support efforts to improve accessibility for both dwelling units and residential neighborhoods to meet the special needs of persons with disabilities.

**HE 4.1.2** The County will encourage housing for people with disabilities and older adults near public transportation, shopping, medical and other essential support services and facilities.

**HE 4.1.3** The County will support activities that serve the housing needs of special needs groups with a continuum of housing options, from independent living, to housing with supportive services, to institutionalized care.

- HE 4.1.4** The County will provide adequate and affordable housing for senior citizens.
- HE 4.1.5** The County will ensure housing that is provided to migrant farm workers is decent, safe, and affordable.
- HE 4.1.6** The County will support the use of available federal, state, and local resources to provide and enhance housing opportunities for farm workers.
- HE 4.1.7** The County will promote the construction of affordable housing that meets the needs of female heads of households.
- HE 4.1.8** The County will support the development of housing to meet the needs of large households.
- HE 4.2.1** The County will facilitate the development of new Extremely Low-Income (ELI) rental units.
- HE 4.2.2** The County will assist extremely low-income households through the use of portable and project based housing vouchers, including Housing Choice Vouchers (HCV) and Housing Assistance Payment (HAP) vouchers.
- HE 4.3.1** The County will maintain an adequate supply of land where homeless shelters are allowed by right and where public services, infrastructure and facilities are available to facilitate the development.
- HE 4.3.2** The County will strengthen diversion strategies to help people resolve their current housing crisis before they become homeless. Diversion services include problem solving as well as financial assistance and connection to services that support crisis resolution, resiliency, and stabilization.
- HE 4.3.3** The County will strengthen outreach and navigation efforts that connect unsheltered people to services and housing and address individual and public health issues that arise.

**GOAL HE 5: PRESERVATION OF EXISTING AFFORDABLE HOUSING STOCK AND PROVISION OF AFFORDABLE HOUSING**

*Ensure the availability of affordable housing for all households in Sacramento County.*

**Introduction**

As discussed in the Housing Needs Assessment Chapter, a significant portion of low-income renters (73 percent) in Sacramento County are overpaying, or paying more than 30 percent of their income, for housing. Home values and rents continue to rise countywide.

To address the affordability issue, this strategy uses local government funds to leverage financing from state and federal sources to construct affordable housing. Key to this goal are the local gap funding sources including the County's Affordable Housing Ordinance and Housing Trust Fund Ordinance. When the current

version of the Affordable Housing Ordinance was adopted effective March 27, 2014, the County removed the inclusionary provisions for larger developments of the prior ordinance in favor of a fee option ordinance. The County anticipated that the ordinance would produce affordable units at the rate of 10 percent of the market rate units. Program E3 requires the County to assess the efficacy of this ordinance and to conduct an economic feasibility study to guide any consideration of returning inclusionary provisions within the ordinance. In addition to providing gap financing, local government can also facilitate the provision of affordable housing by encouraging second unit dwellings and by providing density bonus programs.

The objectives of Goal HE 5 are as follows:

- Pursue federal, state, and local programs and funding sources that provide opportunities to preserve existing affordable housing stock.
- Implement programs that increase the supply of affordable housing.
- Pursue federal, state, and local programs and funding sources that provide housing opportunities for low- and moderate-income households.

**Policies**

**HE 5.1.1** The County will preserve the affordability of subsidized rental housing whenever possible through a combination of regulatory and financial incentives.

**HE 5.2.1** The County will continue to implement its affordable housing program.

**HE 5.2.2** The County will support the use of federal, state, and local programs for the purchase of affordable housing (new and existing) and assist low- and moderate-income households to purchase such dwelling units. The County will promote a partnership between the public and private sector for the provision of affordable housing, with an objective of increasing homeownership for low- and moderate-income families.

**HE 5.2.3** The County will support programs that provide assistance to developers who construct affordable rental units.

**HE 5.2.4** The County will incentivize the development of residential accessory dwelling units as a means to increase the overall supply of affordable housing.

**HE 5.2.5** The County will prevent the conversion of existing very low- and low-income rental housing units to market-rate condominiums through the condominium conversion ordinance.

**HE 5.2.6** The County will identify new funding sources for the provision of affordable housing.

**HE 5.2.7** The County will continue to implement a density bonus ordinance that provides for a greater number of dwelling units and other incentives in exchange for housing units affordable to lower income households. This ordinance will be amended to comply with State law.

GOAL HE 5: IMPLEMENTATION PROGRAMS
<b>Preservation of Affordable Housing Stock</b>
<p><b>E1. Preserve Affordable Housing at Risk of Becoming Market-Rate:</b> The Sacramento Housing and Redevelopment Agency (SHRA) will track expiring subsidy contracts and regulatory agreements on regulated affordable housing. SHRA will prioritize multifamily lending such that preserving affordable housing at risk of converting to market rate comes first when funding is available.</p> <p><b>Implements Which Policy(ies):</b> HE 5.1.1</p> <p><b>Responsible Department:</b> SHRA</p> <p><b>Funding:</b> Housing Trust Fund, Community Development Block Grants, Tax Credits, Mortgage Revenue Bonds</p>

**Objective:** Communicate with owners willing to preserve affordability through sale and/or recapitalization to minimize loss of affordable housing inventory. Preserve as many units as possible that are “at risk” of conversion.

**Target Date:** Ongoing, 2021-2029

**E2. Prevent the loss of units in SHRA’s public housing stock.** In order to preserve its public housing stock, which is suffering due to decline in federal funding, the Sacramento Housing and Redevelopment Agency (SHRA) will reposition the County’s public housing stock to private ownership with affordability preserved in perpetuity.

**Implements Which Policy(ies):** HE 5.1.1

**Responsible Department:** SHRA

**Funding:** U.S. Dept. of Housing and Community Development, HOME, tax credits, mortgage revenue bonds

**Objective:** Prevent the loss of 771 units in the unincorporated County in SHRA’s public housing stock.

**Target Date:** Ongoing, 2021-2029. Approximately 100 units per year between 2021 and 2029.

**Provision of Affordable Housing Stock**

**E3. Affordable Housing Ordinance Amendment:** The County will perform an evaluation of the effectiveness of the Affordable Housing Ordinance by 2023 to determine if it is building affordable housing at the rate anticipated at the time of adoption (ten percent). The County will also pursue an economic feasibility study to guide any decision to include an inclusionary housing component. Based on the outcome of the evaluation and study, the County will consider amendments to the Affordable Housing Ordinance to increase the amount of affordable housing units built in the County. The County will also amend the Affordable Housing Ordinance to modify the owner-builder exemption.

**Implements Which Policy(ies):** HE 5.2.1

**Responsible Department:** Office of Planning and Environmental Review

**Funding:** County General Fund

**Objective:** Evaluate the effectiveness of the Affordable Housing Ordinance in producing affordable housing units by 2023 and consider amendments based on the evaluation. Increase the effectiveness of the Affordable Housing Ordinance by modifying the owner-builder exemption, which is costly for staff and the public to implement and reduces the amount of funds collected to build affordable housing.

**Target Date:** December 2023

**E4. Housing Incentive Program:** The County will implement the Housing Incentive Program (HIP) to encourage the construction of affordable housing and housing for special needs groups as identified in State housing element law. **E8. Accessory Dwelling Unit Streamlining:** The County will accelerate production of accessory dwelling units (ADUs) by providing a complete set of construction drawings consisting of architectural renderings, structural, mechanical, plumbing, and electrical plan for three different sized ADUs. The Office of Planning and Environmental Review will work with the Office of Development and Code

Services, Building Permits and Inspections to identify a process for utilizing these construction drawings, thereby saving time and applicant costs during the plan check process.

**Implements Which Policy(ies):** HE 5.2.4

**Responsible Department:** Office of Planning and Environmental Review

**GOAL HE 6: PROMOTE THE EFFICIENT USE OF ENERGY IN RESIDENCES AND IMPROVE THE AIR QUALITY OF SACRAMENTO COUNTY**

*Promote and implement standards that conserve energy in new and existing homes.*

**Introduction**

Reducing demand for electricity and natural gas is an important step to help meet the growing energy needs of the region. Purposeful planning of the type and amount of energy that will be used in the

residential building sector is an essential strategy in reducing energy demands. Energy consumption can be reduced through the increase in energy efficiency, resulting in lower energy costs to the County's residents. It is the County's intent to promote energy efficiency early in the planning stages and consistently throughout the entitlement process.

The objective of Goal HE 6 is to reduce home energy usage by increasing energy efficiency.

**Policies**

**HE 6.1.1** The County will encourage energy-efficient site design, such as proper orientation to benefit from active and/or passive solar heating and cooling, into master planning efforts.

**HE 6.1.2** The County will encourage residential developers/builders to maximize energy efficiency through building design and through the use of energy efficient materials, equipment, appliances, strategies and techniques.

**HE 6.1.3** The County will encourage owners of existing homes to retrofit their residences with energy efficient materials, equipment, and appliances.

GOAL HE 6: IMPLEMENTATION PROGRAMS
<p><b>Promote the Efficient Use of Energy and Reduce the Long-Term Operational Cost of Housing</b></p>
<p><b>F1. ## **GOAL HE 7: PROMOTE AND AFFIRMATIVELY FURTHER FAIR HOUSING OPPORTUNITIES FOR COUNTY RESIDENTS**

*Promote and affirmatively further fair housing choice for all residents of Sacramento County, regardless of race, color, national origin, religion, sex, sexual orientation, gender identity and expression, marital status, source of income, disability or familial status.*

### **Introduction**

As discussed in the Fair Housing Chapter, the Board of Supervisors authorized SHRA to submit the Analysis of Impediments to Fair Housing Choice (AI) to the U.S. Department of Housing and Urban Development (HUD) on October 22, 2019. This goal section requires SHRA and the County to implement the goals, strategies and actions required by the Analysis of Impediments to Fair Housing Choice (AI) as well as several recommendations for best practices. The AI identifies the following actions for the County:

- Review and consider updates to the Affordable Housing Ordinance.
- Review and assess its Housing Trust Fund Ordinance to determine if revisions or updates are needed.
- Review the density bonus and other housing-related sections of planning documents such as the General Plan, Zoning Code, and Design Guidelines to determine if revisions or updates are needed.
- Review and assess fee waivers and deferral policies to determine if revisions or updates are needed.
- Fund the Renters Helpline, a regional resource for fair housing education, landlord-tenant dispute mediation, and legal guidance.
- Review and consider updates to the Housing Incentive Program. Amendments may include giving additional incentives to projects which include units which are accessible and include universal design features.
- Prioritize Environmental Justice Communities when seeking planning and infrastructure grants consistent with the County's Environmental Justice Element.
- Provide prevention and treatment services to individuals struggling with alcohol and/or drug abuse through Behavioral Health Services. Services include outpatient treatment, methadone treatment, day treatment, detoxification, residential services, and perinatal services.

This goal section commits the County to several actions. The County will continue to fund the Renters Helpline, a countywide telephone and web-based resources that provides fair housing education, landlord-tenant mediation, and legal guidance. Immigrant and refugee communities are often at risk of substandard housing conditions because of a lack of language access, unfamiliarity with the system and their rights, and fear of retaliation. The County will continue to educate the refugee and immigrant community on their rights as renters through the annual Refugee Academy. The County will investigate other tenant protection measures to help keep precariously housed tenants in their homes, such as a just cause eviction ordinance, as well as measure to assist tenants in accessing housing, such as a fair chance housing ordinance.

As a part of the Countywide Rezone Program, the County will add higher density zoning districts to areas known as "opportunity areas" or areas that are considered to be high or moderate resource areas. High and moderate resource areas are defined by the California Fair Housing Task Force as areas which offer

low-income families the best chance at economic advancement, high educational attainment, and good physical and mental health.

The objective of Goal HE 7 is to ensure equal housing opportunities for all residents of Sacramento County.

**Policies**

**HE 7.1.1** The County shall continue to provide funding for the Renters Helpline or an equivalent resource.

**HE 7.1.2** The County shall promote fair housing choice for all residents regardless of race, color, national origin, religion, sex, sexual orientation, gender identity and expression, marital status, source of income, disability or familial status.

**HE 7.1.3** The County will encourage the development of new affordable housing in areas of opportunity, or areas which offer low-income families the best chance at economic advancement, high educational attainment, and good physical and mental health. The County will accomplish this by rezoning sites to allow multifamily uses in high and moderate resource areas during the Countywide Rezone Program.

**HE 7.1.4** In addition to compliance with Federal and State requirements for advertising, the County encourages private housing developers to affirmatively further fair housing through their use of marketing materials that are designed for and representative of individuals regardless of race, ethnicity, gender, disability, and familial status.
